## WORK EXPERIENCE

---

### Southern California Edison (Contracted via Infosys)

May 2021 – Present

*Systems Analyst – Enterprise Information Technology*

*Rosemead, CA*

- As an IT Systems Analyst, I am responsible for analyzing company infrastructure and executing enhancements and upgrades that will align with the company's business strategy.
- Develop and manage project plans for scope, schedule, cost, quality, risk, and communications.
- Lead a team during daily standups to assign tasks and work through project blockers.
- Maintain a high defect avoidance rate and Service Level Agreement breach avoidance.
- Manage and coordinate change, release, and configuration processes under all project phases.
- Work alongside technical implementation teams including Cybersecurity, Network Operations, Database Admin (Oracle & MSSQL) and Application Support to bring work packages to closure.
- Communicate with various business groups to define requirements and ensure projects meet business needs.

### Revature LLC

February 2021 – May 2021

*Associate Developer*

*Reston, VA*

- Developed full-stack applications in various front-end and back-end technologies.
- Team Lead for multiple technical projects, with a specialization in front-end development.
- Employed agile methodologies as Scrum master for daily standups while working through projects spanning multiple teams.

### Daytona State College

April 2018 – October 2019

*Helpdesk Services Specialist*

*Daytona Beach, FL*

- Assisted faculty and students with technical issues. Employed a ticketing system to track incidents.
- Led cross-department meetings with System Administrators and Field Technicians to plan approach for upcoming changes to systems and workflows.

### Various Customer Service Positions

January 2015 – April 2018

*Security Guard, Customer Service Representative, Bus Boy*

*Daytona Beach, FL*

- Completing regularly assigned tasks by management.

## EDUCATION

---

### Project Management Institute

March 2023

*Certified Associate Project Manager*

*Rosemead, CA*

- Earned certification above target in the highest percentile category.

### Daytona State College

August 2020

*BS, Information Technology*

*Daytona Beach, FL*

- Resident Webmaster for student newspaper from Jan. 2019 – August 2020.
